

RTP8x2

Vented powered enclosure with dual 8" (2x20cm) subwoofers and 240W RMS CEA class-D amp

The best and most simple solution to add bass in your car

Easy to fit mini size, but maxi bass !

Strong 15mm MDF construction

Injected brushed electroplated cone

Amp integrated on the side for a better thermal dissipation and an easier cables installation

Class-D amp for more power with less current (Less heat also...)
